Q-Cabin

Q-Cabin

Description

The Q-Cabin is a high performance UHF multi reader, designed for industrial use.

The size of the Q-Cabin is tailored to fit all standard trolleys.

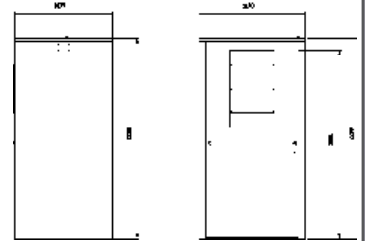

Stand-alone design provides flexibility in placement anywhere on your premises.

Q-Cabin

Dimensions (mm)

Width 1170
Depth 1075
Height 2200

Weight 290kg

Excellent precision

With high scanning speed and excellent precision, Q-Web Cabin is capable of reading hundreds of articles in seconds.

The Q-Cabin can be used as a stand-alone unit or in combination with other Q-Web[®] Products.

Description

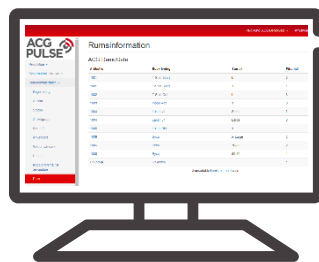

In our user-friendly web interface Q-Web[®], it is simple to manage and administer users, items and statistics.

The statistics pages give an overview of demand, current status, and expected frequency of use.

Moreover, the software is customizable to suit customer requirements.

Q-Web[®]

Q-Web[®] is a web-based logistics program for item management for the Q-Web[®] Products.
